THIRTEENTH CONGRESS
First Regular Session

House Bill NO. 34

Introduced by HON. EDGAR M. CHATTO
1ST DISTRICT, BOHOL

EXPLANATORY NOTE

Like the elementary level, the primordial concern of secondary education is also the total development of the youth, through the promotion of his intellectual growth, worthy values, skills and physical well-being.

Presently, however, the school in Brgy. Mantacida, Municipality of Catigbian, Province of Bohol offering secondary education, cannot provide this holistic type of education for its poor but deserving students. Also, after an ocular inspection of the school premises, it is observed that the school is not conducive for learning, since no school buildings are available for the use of its students and teachers.

This bill seeks to address this issue by establishing a national secondary educational institution in the area, equipped with all the appurtenant tools needed to educate our youthful residents.

During the 12th Congress, this bill was referred to the Joint House Committees on Basic Education and Appropriations on 1st Reading. But due to time constraints, it was never taken up again. This bill is re-filed for the consideration of this Congress.
