House Bill No. 476

Introduced by Congressman JOSE G. SOLIS

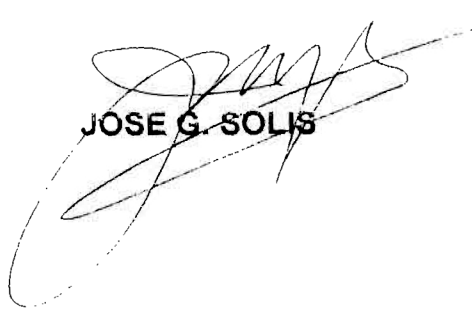

EXPLANATORY NOTE

This bill aims to support the basic policy of the State to establish and maintain a complete and adequate system of education relevant to the goals of national development. The opening of the Cadandanan High School will cater to our vision of a functionally literate citizenry. It will lower down the number of illiteracy rate among our youth to the smallest percentage level in particular barangays of Lapinig, Tula-tula, Busay, Palale, Cocok-Cabitan and Cadandanan. With these visions, the establishment of Cadandanan High School has the following objectives:

1. To provide opportunities to the out-of-school youth and adults of school age, the acquisition of skills necessary for the development of moral, intellectual, spiritual and physical well-being;
2. To foster good manners and right conduct among the youths of the barangay and the neighboring community;
3. To reduce the number of out-of-school youth and drop-outs rate in these barangays;
4. To contribute to the improvement of the economic condition of the barangay;
5. To facilitate learning that contribute to the upliftment of socio-economic well-being;
6. To prepare the youth of the municipality for a higher education.
7. To increase the participation rate of free education for all.

Barangay Cadandanan is located at the center of adjoining barangays having complete elementary schools. These feeder schools are at walking distances from the proposed Cadandanan High School and far enough from the poblacion. After graduation, only a very low percentage of these pupils continue schooling because of the distance or due to poverty or both. Thus, resulting to the increase in the percentage of drop-outs rate that becomes a liability in the barangay where they belong.

It is in this premises that this humble representation is vehemently seeking favor from this chamber for its immediate enactment.
