EXPLANATORY NOTE

Barangay Jupi is strategically located at the center of no less than Five Barangays at the Northern Part of the Municipality of Gubat, Province of Sorsogon and around two kilometers away from the National Highway. Because of the high cost of travelling between the nearest school, the number of out-of-school youth has increased a thousand fold.

The parents of these barangays of Jupi, Nato, Lapinig, Dita and Tagaytay are one in rallying behind the cause for the establishment of this High School so as to avail the constitutional mandated free secondary education for all.

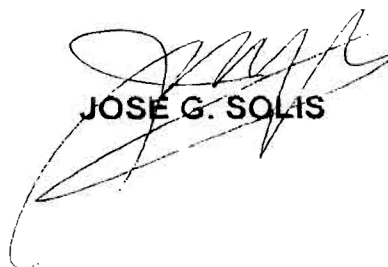

With the establishment of this school, we aim to minimize the growing number of drop-out. The burning desire of the entire community for the realization of this long time clamor of having a secondary school within their reached has been manifested in their strong support at the initial stage of putting-up the initial facilities of the said school. A kind hearted fellow from one of these barangays has donated a lot for the school site as his contribution to this much needed secondary school.

The source of livelihood of the residents of these barangays are farming, cottage industry, abaca and coconut. None belong to the upper class of society. Hence, the necessity of establishing a secondary school within their reached more than justify the exigency of this Act.

Furthermore, with the present stiff competition in finding a job, higher education are among the indispensable requirements prior to admission. Realizing this necessity, the community, the Parents, the Barangay council and the Municipal Government of Gubat, concerted their efforts to find solution to this pressing need of the youth - THE HOPE OF THE FATHERLAND - and the generation who will wield the future of our nation.

Furthermore, Article XIV, Section 1¹ provided for the duty of the state to protect and promote the right of all the citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all.

Let us give to the youth our share in the realization of their dreams of having a bright future by evoking the constitutional mandate of free and accessible secondary education.
