House Bill No. 481

Introduced by Congressman JOSE G. SOLIS

EXPLANATORY NOTE

This aims for the formal establishment of a secondary education at barangay Macabari, Barcelona, Sorsogon.

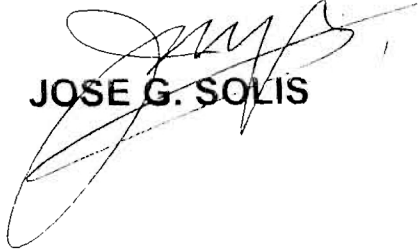

The project aims to bring services of free secondary education closer to the barangays of Barcelona in line with the program for free education for all. Because of the increase of dropouts, out-of-school youths, in particular and nearby barangays of Macabari, Putia-o, Paghaluban, Layog, Mapapac, and Sta Cruz, Macabari High School shall be opened. The municipality of Barcelona has only one (1) public secondary school.

Youths shall be developed to be useful, productive and law-abiding citizens which would result in a spiraling trend of effects which initially will be felt in the home, later shared in the community and ultimately in the country. With these assumption, the establishment of Macabari High School has the following objectives.

1. To provide opportunities to the people of Macabari and the nearby Barangays especially those of school age to have access to quality Secondary education;
2. To provide the youths of the municipalities for higher education;
3. To enhance the economic development of the barangay and the Municipality;
4. To foster positive attitudes, desirable traits and values among the Youths of the barangays and neighboring communities.

It is in this premises that this humble representation is vehemently seeking favor from this chamber for its immediate enactment.

Let us give to the youth our share in the realization of their dreams of having a bright future evoking the constitutional mandate of free and accessible secondary education.
