HOUSE BILL NO. _____

INTRODUCED BY HONORABLE FRED H. CASTRO

EXPLANATORY NOTE

The 1987 Constitution provides that the State shall protect and promote the rights of all citizens to quality education at all levels and shall take appropriate steps to make education accessible to all. It, likewise, mandates the State to establish, and maintain a system of free education in the elementary and high school levels.

This bill proposes to establish a national high school in Mambusao West, Mambusao, Province of Capiz. Like other remote areas, the province as well as its municipalities and barangays is deprived of facilities enjoyed by the more developed provinces. Notable is the lack of government high school in many of its municipalities and barangays. While there are private high school, the fees charged are prohibitive for most residents. As a result, most, if not all of these private schools are intending to close due to lack of enrollees. This proposed measure aims to do justice to the residents by establishing a national high school. Considering the role of education in spurring development, it is hoped that this measure will enhance the social and economic advancement of the area and help liberate the people therein from poverty.

In view of the foregoing consideration, approval of this bill is earnestly urged.
