House Bill No. 753

Introduced by: Rep. ROBERTO C. CAJES

EXPLANATORY NOTE

Earning a college degree is dream come true to every Filipino. It spells better job opportunities. Generally, both public and private institutions require college education from employees.

Likewise, education is a very important tool for the country's growth and development. It enhances productivity of the workforce by creating/providing skills to individuals. Thus, education is a basic right to every Filipino, not a privilege to a few.

It is the duty of the state not only to provide quality of education for all but also to upgrade educational facilities of public schools to accommodate the most number of students. Free tuition in the elementary and secondary public schools is not enough. Better facilities and quality education must be available to every student even in the remote areas.

This bill proposed to convert Canmano Barangay High School, an annex of San Agustin National High School, into a separate and independent academic institution, to be known as the Canmano National High School.

This measure aims to give "personality" and independence to the Canmano Barangay High School in order for it to formulate its planned and implement its program accordingly. With this proposal, the existing Canmano Barangay Hill School could source out funds to upgrade and improve its facilities in order to accommodate more students in the locality and nearby barangays.

Therefore, approval of this bill is earnestly sought.
