HOUSE BILL NO. 768

Introduced by Representative Harlin Cast. Abayon

EXPLANATORY NOTE

Studies have shown that the Philippines, which once boasted of having the highest literacy rate in Asia, now lags behind many of its neighbors in the quality of education. One of the problems is the lack of classrooms.

The Mondragon Agro-Industrial High School, inspite of an increased enrollment during the past several years, no additional classrooms were constructed. Students are packed like sardines in classrooms and the result is an uneducated citizenry. In the long run, it is the nation that suffers from a poorly educated human resources.

As a remedial measure of the aforecited problem, the attached bill seeks to appropriate the amount of Six million pesos (P 6,000.000.00) for the construction of a two-storey-ten room school building for the Mondragon Agro-Industrial High School in the Municipality of Mondragon, Province of Northern Samar.

In view of the foregoing, approval of the bill is earnestly urged.
