First Regular Session

HOUSE BILL NO. 867

Introduced by Representative Faysah RPM Dumarpa

EXPLANATORY NOTE

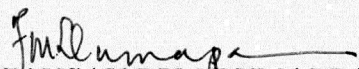

It is encouraging to note that there are millions of students enrolled to different schools from the primary level up to the tertiary level every year. With this in mind, the youth, which serve as the hope of our nation, is rightfully in place.

However, it is unfortunate to look at the other side that a number of these students stopped/dropped-out from schooling due to the incapability of their parents to support the continuance of their education.

Now, the numbers of out-of-school youth including unskilled adults are increasing. Most of them are predominantly coming from the depressed, disadvantaged, underdeveloped and underserved communities. This problem thus develops illiteracy and poverty incidence in the country.

To address this problem, a non-formal education learning center for out-of-school youth and adults shall be established in the component and capital city of Marawi, Province of Lanao del Sur. This learning center will help break the cycle between illiteracy and poverty and provides opportunities to the economically depressed and disadvantaged to upgrade their skills, knowledge and competencies and gain an elementary or a secondary level certificate. It will also help them gain the skills they need to improve their economic status and function more effectively which would turn them to be a better and productive member of the society.

It is in this context that the early approval of this bill is earnestly sought.
