HOUSE BILL NO. 871

Introduced by Representative Faysah RPM Dumarpa

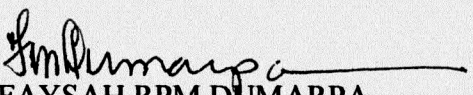

EXPLANATORY NOTE

This Bill seeks the improvement/concreting of Marawi-Kapai-Tagoloan Road in the municipalities of Kapai and Tagoloan, Province of Lanao del Sur, to increase the economic sustainability of these depressed municipalities.

For almost fifty (50) years now, the road connecting the municipalities of Kapai and Tagoloan, Lanao del Sur is still in the state of neglect. Thousands of people are using this road en route to their respective destinations everyday, among them are students, private and government workers, people engage in trade and commerce, farmers who deliver their produce to the town markets, and many others who use the Kapai-Tagoloan road as their main thoroughfare.

The past and present condition of this road gave so much discomfort to travelers and causes a lot of time delays in the delivery and transport of farm produce to the markets. How could the government succeed its goal of providing economic sustainability to the countryside when roads such as the Marawi-Kapai-Tagoloan Road is, up to this moment, still in the backward condition.

In view of its importance, the early passage of this bill is earnestly sought.
