House Bill No. 997

Introduced by **JUAN MIGUEL F. ZUBIRI**

EXPLANATORY NOTE

While the state has now provided for free elementary and secondary education, this magnanimity becomes empty and totally useless in places where there are no buildings and teachers to speak of.

As in the case of Macapari, Damulog, Bukidnon and its nearby barangays. There, many children desire to obtain secondary education. Unfortunately, the absence of school buildings and teachers in their locality deprives them of this.

This bill proposes the establishment of a national high school in said municipality to complement the free elementary and high school education Act and make its benefits felt in the province.

The absence of the basic education facilities and personnel in the municipality has preserved ignorance among our constituents which will in turn breed various social problems that will manifest themselves if not now, then in the near future. The establishment of a national high school in Kitaotao will hopefully arrest this problem.

Hence, approval of this bill is urgently solicited.
