EXPLANATORY NOTE

This bill seeks to convert the Magamay-Pandaraonan-Dolores (GUISI) Provincial Road into a National Road.

While the Provincial Government of Guimaras recognizes the important role of roads in facilitating economic and other productive endeavors, it does not have the financial capability to undertake the function of its proper maintenance and/or continuous improvement as it is dependent on locally generated funds.

A predominantly agricultural province, Guimaras lacks the basic infrastructure facilities to support economic growth and sustainable development. The lack or total absence of these facilities is the principal reason why the island-province is still enduring poverty. Since roads are vital arteries of commerce and trade, linking productive areas to market centers, it is thus imperative that these roads be improved and poverty maintained.

In view of the foregoing, approval is earnestly sought.
