House Bill No. 1142

Introduced by **Representative Renato J. Unico, Jr.**

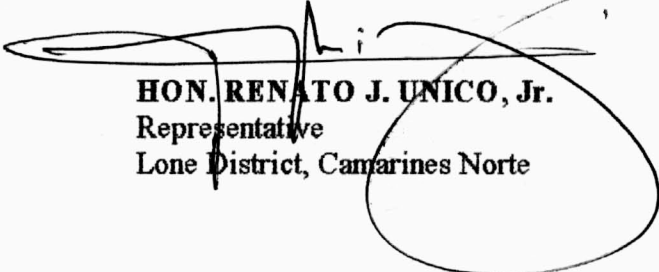

EXPLANATORY NOTE

For eleven years the Bagong Silang II High School has been serving the community even without funding coming from the national government. As such, The school is suffering the dearth in facilities and equipments more specifically the lack of textbooks, classrooms, tables, laboratory equipment and other school supplies putting the school in a perilous situation.

At present, the local government of Labo is funding the maintenance operation of the school thru its Local School Board Fund. The municipality also pays for the salaries of temporary teachers. But due to the limited funds and the increasing financial needs of the town, it may no longer be able to handle the financial requirements of the said school.

In spite of such circumstances, the school placed 4th in last year's NSAT results in all secondary schools in the Division of Camarines Norte, both public and private. That is why enrollment is expected to rise in the next three to five years. This year alone, enrollment increased from 345 the previous year to 420 students coming from eighteen feeder schools in the adjoining barangays and towns.

In as much as education is one of the key priorities of this administration, the approval of this Bill is earnestly sought.
