First Regular Session

House Bill No. 1154

Introduced By Honorable ELADIO M. JALA

EXPLANATORY NOTE

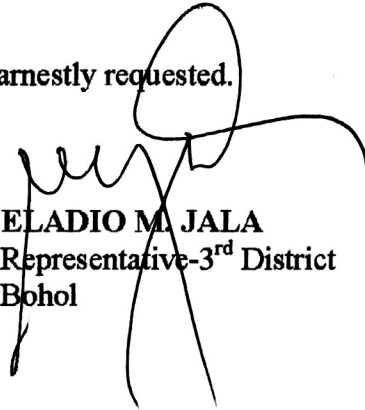

This bill seeks to convert the Garcia Hernandez High School in Garcia Hernandez, Bohol into a national high school to be known as the Garcia Hernandez National High School.

The Garcia Hernandez High School has been rendering educational service among the people of Garcia Hernandez for several years now. The student population is expected to rise in the coming years due to the increasing number of graduates from the various elementary schools of the different barangays of Garcia Hernandez, Bohol.

The expected increase of student enrollees of the Garcia Hernandez High School, however, will pose problems to the officials concerned considering the municipality's financial capability and the limited financial assistance they can obtain, if any, from the municipal government of Garcia Hernandez, Bohol to support its growing population.

The proposed conversion of the Garcia Hernandez High School into a national high school, therefore, could be one of the most viable solutions. The conversion of the existing school will expand and improve the facilities therein since it can now enjoy the financial support from the national government through the Department of Education, Culture and Sports (DECS). Additionally, the conversion would open the door for the students to have access to a standard education at par with those enrolled in other national high schools in the province and elsewhere in the country which enjoy the support of the national government.

Immediate approval of this bill is therefore earnestly requested.
