THIRTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 1205

Introduced by: **Rep. ROMUALDO T. VICENCIO**

EXPLANATORY NOTE

This re-filed measure, HB No. 6122 in the 12th Congress which I filed on June 5, 2003, was approved only on 1st reading. Due to time constraints, it was not acted upon by the appropriate committee until the end of the 12th Congress.

This bill seeks to grant civil service eligibility to elected local government officials from the Provincial Governor down to the Regular Members of the Sangguniang Bayan.

Civil service eligibility is one of the main requirements in joining the government service. Promotions and permanent appointments depend on one's eligibility and are based on merit and fitness standards promulgated by the Civil Service Commission.

It is ironic that elected local officials, after having faithfully served and upheld the best interest of the public service during their term cannot apply for and hold government positions thereafter unless they have taken and passed the civil service examinations.

This bill aims at providing for a mechanism that will allow these public servants to continue serving the public through other means by granting them appropriate civil service eligibility after completion of their terms of office to enable them to join the government regular work force. This will promote the general welfare of the local government officials to ensure their efficiency and commitment to public service. This is also a way of recognizing the sincere efforts, commitment and contribution of our local government officials as partners of the national government in nation building. So, it is just and proper that we grant them appropriate civil service eligibility.

In view of the foregoing, early approval of this bill is earnestly sought.
