EXPLANATORY NOTE

This bill seeks to convert the Barlig National High School, Lias Annex in Barangay Lias, Municipality of Barlig Mountain Province into an independent national high school to be known as the Lias National High School.

The Barlig National High School, Lias Annex is the only existing public high school in the community to the present. Barangay Lias where the school annex is located is a densely populated community and still provides the needed school population for the annex school.

However as an annex, it has its own problems. It is financially and administratively dependent upon the mother school for support. This present set-up and condition is perceived by the members of the Barangay Council and Parents - Teachers Association to be disadvantageous to the students and the faculty members. They believe that the annex school is not adequately supported with funds and other facilities to improve the quality of education, and that administrative support is ineffective due to the physical distance between the annex school and the mother school.

The conversion of the annex school into an independent national high school will address the aforecited problems. It will likewise improve its funding support for it will have its own appropriations from the national government. Furthermore, its conversion will put into reality the mandated duty of the State to make education accessible to all and spur the economic development in the growing community, the municipality, the province and the region as a whole.

In view of the foregoing, approval of this bill is highly recommended.
