HOUSE OF REPRESENTATIVES

House Bill No. 1481

INTRODUCED BY HON. CYNTHIA A. VILLAR

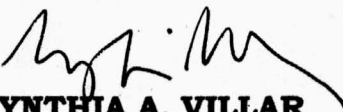

EXPLANATORY NOTE

Under present laws, workers are entitled to health, safety and social welfare benefits as embodied under Articles 156 to 209 of the Labor Code, as amended and under P.D. 1146, as amended. They are also entitled to weekly rest periods (Article 91, Labor Code) to rejuvenate them both mentally and physically.

Under prevailing urban conditions, however, it appears that enjoyment by workers and their families of their rest days have been less than pleasurable. A cursory survey of the urban landscapes would reveal that there are very few accessible public places or parks where the workers and their families could enjoy themselves during their periods of rest and recreation without having to spend a considerable amount of money.

This Bill seeks to establish public recreational parks in the major urban centers as the government's initial response to the demand for such facilities.

Passage of this Bill is earnestly recommended.
