HOUSE BILL NO. 1603

Introduced by HON. GENEROSO DC. TULAGAN

EXPLANATORY NOTE

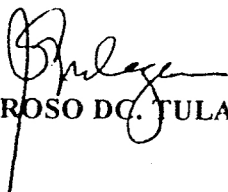

This Bill seeks to convert the 2nd Pangasinan Engineering District Sub-Office, Department of Public Works and Highways located in the Third Congressional District of the Province of Pangasinan into a regular engineering district to be known as the Fourth Pangasinan Engineering District which shall comprise of San Carlos City and the Municipalities of Malasiqui, Bayambang, Calasiao, Mapandan and Sta. Barbara.

Presently, the Sub-Office is headquartered in Barangay Tuliao in the Municipality of Sta. Barbara and is constituted and manned by personnel from the Regional Office and other District Engineering Offices within the Region. Said sub-office is also tasked to maintain the road sections along the Carmen Junction-Bayambang-Manat Road, to wit: Bayambang/Basista Boundary-Basista/San Carlos Boundary, Basista and San Carlos/Binmaley Boundary-Junction Manat, Binmaley and all DPWH infrastructure projects in the Third District of Pangasinan.

Given the obtaining facts, the Sub-Office is saddled with the great responsibility of planning, programming and implementing public works in its jurisdiction under an inadequate staff complement. Given its current state, the Office cannot reasonably be expected to deliver prompt and quality public works to our constituents.

Thus, in order to deliver efficient and effective public works, there is an immediate need for the 2nd Pangasinan Engineering District Sub-Office to be converted into a regular engineering district to be known as the Fourth Pangasinan Engineering District Office.

It is for the above reasons that the early approval of this Bill is earnestly sought.
