THIRTEENTH CONGRESS

First Regular Session

HOUSE BILL NO. 1641

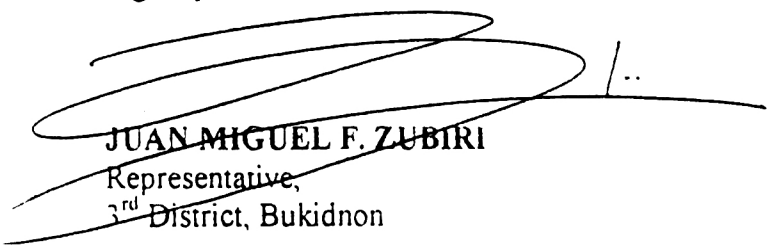

Introduced by **HON. JUAN MIGUEL F. ZUBIRI**

EXPLANATORY NOTE

In the countryside, a high school diploma is as good as a college degree. Sad as this reality is, it is made even tragic by the fact that despite the presence of our free education program for the primary and secondary schools, not many have yet obtained secondary education due to the absence of school buildings and teachers in their own localities.

Such is the case in Don Carlos, Bukidnon. The residents of this municipality are aware of and eager to take part in the government's free education program but can not do so because of the absence of the necessary infrastructures and teachers in their area. Thus, this bill proposes the establishment of a national high school in said municipality to complement the free elementary and high school education Act and make its benefits felt in the province.

The absence of the basic educational facilities and personnel in the municipality has retained ignorance among our constituents which in turn breeds various social problems that will manifest themselves if not now, then in the near future. The establishment of a national high school in Don Carlos, Bukidnon will hopefully arrest this problem. Hence, approval of this bill is urgently solicited.
