HOUSE BILL NO. 1824

Introduced by Honorable JANETTE L. GARIN, M. D.

EXPLANATORY NOTE

This bill seeks to appropriate the amount of Eight Million Pesos for the construction of a two-storey building for the Guimbal National High School in the Municipality of Guimbal, Province of Iloilo.

The growth of population and the enactment of the law providing for free high school education have increased the enrollment in the Guimbal National High School. However, due to lack of classrooms, this school has turned away many students. This caused a big disappointment among many parents.

Determined parents have been forced to send their children to nearby towns which have secondary schools. This is a big drain on their income because they have to spend for their children's transportation expenses and food. This is an additional financial burden on the part of the parents.

This bill takes note of the afore cited problem. The additional building will be able to house several classrooms that will accommodate many high school students in the Municipality of Guimbal.

Hence, early approval of this bill is highly recommended.
