TWELFTH CONGRESS
First Regular Session

HOUSE BILL NO. 1848

Introduced by Hon. Marcelino C. Libanan

EXPLANATORY NOTE

This bill seeks to provide for the establishment of a school of fisheries to be known as the Carapdapan School of Fisheries in Barangay Carapdapan, Municipality of Arteche, Province of Eastern Samar, and appropriating funds therefor.

Barangay Carapdapan is one of the vast fishing grounds of the Municipality of Arteche which is a major fish supplier in the north-eastern part of the whole island of Samar. It is the biggest barangay of the municipality of Arteche and the neighboring municipalities in terms of area and population and a very strategic fish port.

While contributing significantly to the local economy, Barangay Carapdapan and its neighboring barangays until now does not have a public secondary and tertiary school, its youth are forced to travel from seven to twelve kilometers a day to the nearest public high school in the community. Due to the absence of affordable and accessible public school in Barangay Carapdapan, the problem of an increasing number of out of school youth in the community is becoming a major concern of the community. The increasing burden of providing secondary and tertiary education has encouraged the residents and leaders to clamor for the establishment of a fishery school therein thereby addressing the problem of out of school youth and livelihood training for the residents of Carapdapan.

In line with the State policy of providing adequate and quality education to all Filipinos, and consistent with the government's program for a progressive system of free public secondary and vocational education, it is hereby proposed that a school of fishery which offers secondary and tertiary education is hereby proposed to be established for the rural youth of this barangay and the neighboring municipalities.

In view of the foregoing, the immediate approval of this bill is earnestly recommended.
