Thirteenth Congress
First Regular Session

House Bill No. 2010

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill seeks to provide for the development of the Catbalogan Provincial Park in the Province of Samar.

A park is usually a place where the people of a town or city converge to have a leisurely stroll or a nice chat. It is also a place where one can find relaxation after a whole day or a whole week's work. It is also a place where families have a nice get-together. It is where the town or city's old townsfolk get to let their days pass. It is a place where children can play around freely.

A park can also be considered an image of the kind of town or city that a particular place is. It reflects the kind of people that a place has. It reflects the personality of certain town or city.

These are the reasons why some of the country's parks have undergone major facelifts and development.

The Catbalogan Provincial Park, if developed and maintained, may provide just the kind of healthful and inexpensive respite for people of all ages and sexes. It may even awaken their love for their town/city or country and foster a fierce desire to protect and nurture this beautiful and richly-endowed land.

Thus, approval of this bill is highly recommended.
