1st Regular Session

House Bill No. 2039

Introduced by Honorable Trinidad "Ebbie" G. Apostol

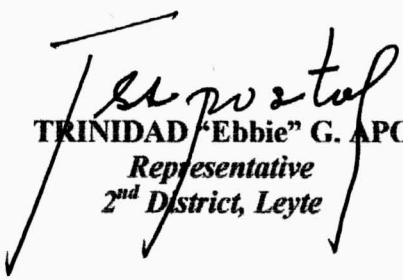

EXPLANATORY NOTE

One of the government's concerns for its people is to provide safe and potable water supply. Water is life. Every decent community must be provided with a potable and sustainable water supply that is affordable in a cost-equitable system to meet the water supply needs of the community.

The municipalities of Carigara, Capoocan, Barugo and Tunga are towns where progress and urbanization is hindered because of poor sanitation, lack of proper health care and other social services because of lack of potable water supply.

With the passage of this bill, urbanization of the above mentioned municipalities will be hastened.

Approval of this bill therefore is earnestly requested.
