Republic of the Philippines
HOUSE OF REPRESENTATIVES

THIRTEETH CONGRESS

First Regular Session

HOUSE BILL NO. 2095

Introduced by HON. AMADO T. ESPINO, JR.

EXPLANATORY NOTE

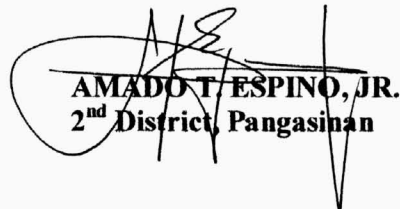

The Philippine Public Safety College (PPSC) was created by virtue of the provisions of Republic Act No. 6975, otherwise known as the Department of Interior and Local Government Act of 1990. It is envisioned to serve as the premier institution for training, human resource development and continuing education of all personnel of the Philippine National Police (PNP), Bureau of Fire Protection (BFP), and Bureau of Jail Management and Penology (BJMP).

This vision, however, of transforming the college into a world-class educational and training institution for public safety services may not be realized under the present set-up mainly because it lacks autonomy, flexibility and authority, especially in generating funds from other sources and entering into such transactions that would fully support its plans and programs.

This measure seeks to provide answers and remedies to the present predicament of the PPSC as embodied in the proposed PPSC Charter. It is hoped that the enactment of the Charter would serve as a catalyst for growth and meaningful change that will transform the PPSC into an institution that is globally competitive and responsive to the changing needs of public safety services.

By affording our dedicated public servants---our frontline policemen, firemen and jailguards ---better training, education, and a more organized system, it is hoped that peace and order will improve and that the security needs of our people are best served.

The early approval of this measure is earnestly sought.
