## THIRTEENTH CONGRESS
First Regular Session

## HOUSE BILL NO. 2191

---

**Introduced by: HON. HERMINIA M. RAMIRO**

---

## EXPLANATORY NOTE

This bill seeks to establish a second engineering district in the Second Congressional District of the Province of Misamis Occidental to be known as the Misamis Occidental Second Engineering District to be located in Tangub City.

The Province of Misamis Occidental has only one engineering which caters to the infrastructure and public works needs of its three (3) cities and fourteen (14) municipalities. Apparently, the present DPWH sub-engineering office in Tangub City is not adequate to meet the present and future infrastructure requirements of the local government units within the Second Congressional District of Misamis Occidental.

It is therefore, the persistent clamor of the people and officials of the local government units within the Second Congressional District of Misamis Occidental to establish a regular engineering district due mainly to the fact that the existing DPWH Sub-Engineering Office located in Tangub City has limitations that pose potential barriers and problems that will necessarily affect the proper implementation of the much needed infrastructure projects in the District.

In view of the foregoing reasons, the immediate approval of this bill is earnestly sought.
