HOUSE BILL NO. 2218

Introduced by HON. GENARO RAFAEL K. ALVAREZ, III

EXPLANATORY NOTE

A system of free public secondary education was set up by Republic Act No. 6655 in May, 1996. One of the highlights of the law is a provision for secondary education employment of the graduates from high school.

In the Sixth District of Negros Occidental, also known as the "CHICKS AREA" (an acronym for its four municipalities and two cities), majority of the population are of high school age. While this is so, there is not enough public national high schools for the elementary school graduates, most of whom cannot afford the cost of private high school left behind by development plans in the past, an establishment of national secondary education facilities would be a redeeming measure that will brighten up the future of its young population.
