House Bill No. 2314

Introduced by Representative **Imee R. Marcos**

EXPLANATORY NOTE

This bill seeks to establish a national high school in the Municipality of Badoc, Province of Ilocos Norte.

The cost of secondary education in the different private schools in the Province of Ilocos Norte, including the Municipality of Badoc has dramatically increased in the past few years. For this reason, several parents especially those belonging to the marginalized sectors of the province, have found it difficult to send their children to private secondary schools. The cost of education in private secondary schools is much higher compared to that of the public high schools.

In order to help parents unload their financial problem and to encourage more students to continue their studies in secondary level, a public secondary school is necessary in the Municipality of Badoc.

In view of the foregoing, approval of this bill is earnestly recommended.
