THIRTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 2468

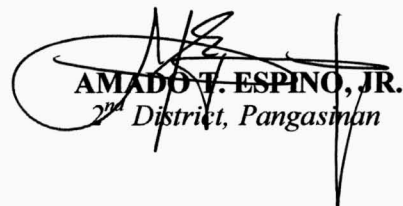

Introduced by HON. AMADO T. ESPINO, JR.

EXPLANATORY NOTE

This measure seeks for the restoration of Diversion Works and Canal at the Pila CIS in the Municipality of Aguilar in the Second District of Pangasinan. This is needed since the vast farmlands and rice fields in this area depend wholly on the said irrigation system.

The slow development of these agricultural areas owing to lack of an additional irrigation system results in the regression of the economy of the said locality.

Consistent with government's policy to maximize the economic potential of the country's agricultural lands, the early approval of this measure will also give meaning to the Constitutional provision mandating the State to improve the people's quality of life.
