HOUSE BILL NO. 2523

Introduced by CONG. ORLANDO A. FUA JR.

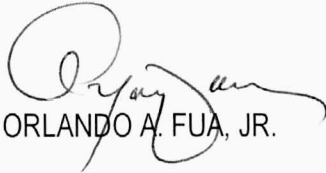

EXPLANATORY NOTE

The present constitution mandates the State to protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible.

The Candaping High School in Brgy. Candaping B, Maria Siquijor is an eloquent response to this social obligation. It promotes literacy in a municipality whose only means to a secondary education is provided by a private institution.

It subsists on whatever doleout it can get from the sustaining LGU's of Siquijor whose meager resources are themselves severely strained by the demands of their own constituencies. It is about time that the government come to the aid of the school by absorbing its operations. The act would be like a drop of water falling unto a parched land, bringing hope, sunshine and inspiration to its students, their parents and faculty who desire a betterment of their lot.

Nothing could be a more eloquent response to the constitutional mandat
