The National road of the City of San Jose Del Monte in the province of Bulacan is considered to be an alternative exit in the northern part of the National Capital Region. Some portion of the National roads of the City of San Jose Del Monte, Bulacan which are not covered by the widening project of the National Government causes traffic congestion in the area, whereby the necessity for the continuous widening and concreting of this National road is of an urgent need and clamor of our constituents including those who are passing through the said national road.

Hence, this representation considers it of utmost necessity that the national government should embark on program that would address of national concern, considering that the widening, concreting and maintenance of the subjected national roads shall benefit all passersby, not only the people of the province of Bulacan, but also the entire northern part of the country, to ensure the safety of commuters.

In view thereof, the approval of this bill is earnestly urged.
