13TH CONGRESS
First Regular Session

HOUSE BILL NO. 2688

Introduced by Honorable Tomas M. Dumpit

EXPLANATORY NOTE

The Constitution mandates the State “to provide immediate and adequate care, benefits and other forms of assistance to war veterans, and veterans of military campaigns, their surviving spouses and orphans” and that “funds shall be provided therefore.”

Despite their recorded patriotic services to our country, the national government has taken a snail’s pace in responding to the needs of the now aged, poor and sickly veterans. It is most unfortunate that unlike the veterans of other countries who are treated with much respect and given full support by their governments, our veterans are struggling for survival, lacking even in their basic needs.

This Bill intends to increase the old-age pension of veterans to enable them to live decently and enjoy the little comforts of daily living during this critical period of their lives.

As this benefit is long overdue, early approval of this measure is earnestly sought.
