HOUSE BILL NO. 2783

Introduced by Honorable Tomas M. Dumpit

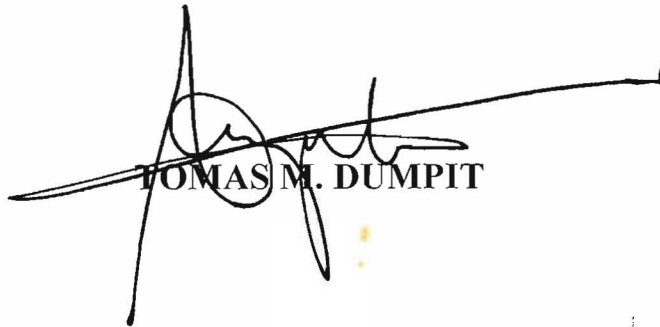

EXPLANATORY NOTE

This bill seeks to establish a vocational and technical school in the Municipality of Naguilian, Province of La Union.

The Municipality of Naguilian typifies many towns in the country. It has a large youth population. Economic difficulties have turned many of them into out-of-school youth who are unable to avail of increasingly expensive facilities of higher education. However, the desire to improve their lots remains steadfast in their hearts and minds. Given the chance they can show their potentials in uplifting their economic condition.

The establishment of a vocational and technical school in the municipality will give them that chance. The school will allow them to develop skills which in turn shall bring about greater job opportunities and higher wage benefits.

In line with the government's approach in solving unemployment crisis by harnessing the vast potential of our youth force and turning them into a productive and highly trained labor group, approval of this bill is earnestly recommended.
