EXPLANATORY NOTE

The goal of basic education is to provide school children with the skills, knowledge and values they need to become caring, self-reliant, productive and patriotic citizens. At the heart of the formal education system is the school. It is where the children learn. It has the singular objective of providing for them the best possible basic education.

Accordingly, the school should be accessible to the growing number of enrollees, every academic year.

Presently, however, there is a demand for the establishment of a school to accommodate the influx of students from Mansasa and Bool Districts and the other nearby barangays in Tagbilaran City as well as the Municipalities of Baclayon and Dauis, Bohol.

This bill seeks to address this concern. Support for its enactment is earnestly requested.
