HOUSE BILL NO. 2995

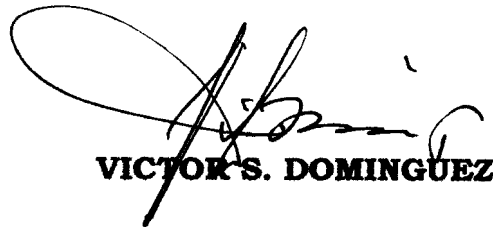

Introduced by HON. VICTOR S. DOMINGUEZ

EXPLANATORY NOTE

The 1987 Constitution provides that the State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make education accessible to all. It likewise mandates the State to establish and maintain a system of free education in the elementary and high school levels.

Mountain Province is among the least privileged areas and one among the poorest provinces in the entire country today. Like other areas, the province as well as its municipalities and barangay is deprived of facilities enjoyed by the more developed provinces. Notable is the lack of government high schools in many of its municipalities and barangays. This proposed measures aims to do justice to the residents by establishing national high schools to cater to their educational needs. Considering the role of education in spurring development, it is hoped that this measure will enhance the social economic development of the area and help liberate the people from the shackles of poverty and ignorance.

In view of the foregoing consideration, approval of this Bill is earnestly urged.

VICTOR S. DOMINGUEZ
