Thirteenth Congress
First Regular Session

House Bill No. 3078

Introduced by Honorable Catalino V. Figueroa

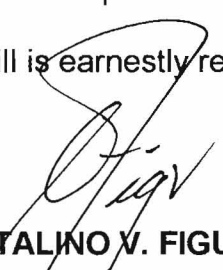

EXPLANATORY NOTE

This bill seeks the construction of the three-kilometer Sawa-Buenavista Road in the Municipality of Basey, Province of Samar.

The Sawa-Buenavista Road is the common route used by the commuters in going to and from the poblacion. Residents in the locality rely chiefly on land transportation as a means of traveling and conveying their produce. Situated along poor barangays, the aforementioned road is dusty and rough and is virtually a muddy quagmire during the rainy season. During this period, the flow of transportation and communication to and from Basey is disrupted. Except for animal-drawn carts, the road is totally impassable to any motor vehicle. This scenario serves as a major setback in the overall development of the Municipality of Basey.

Since its construction forty years ago, the said road has never been improved. This bill is in response to the clamor of the residents in the place for a better road in traveling to and from their respective places of destination.

In view thereof, the approval of this bill is earnestly requested.
