Thirteenth Congress

House Bill No. 3152

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill seeks to construct a concrete school building for the Can-abay Primary School in the Municipality of Basey, Province of Samar.

The Can-abay Primary School has, for many years now, faithfully served the needs of the primary pupils not only in *Barangay* Can-abay but also of the neighboring *sitios* in the municipality. It is a small school by ordinary standards. But it is incomplete for it does offer the full elementary course. The present school building is merely improvised – made up only of bamboos and *nipa* shingles. And being such light materials, they easily deteriorate. Today, during the rainy season, the leaking roof lets the water in thus, soaking the children and causing flooding in the classroom. The health and safety of the school children are greatly jeopardized.

It is hoped that with the construction of a concrete school building, the parents' concern for their children's welfare will finally be put to rest.

In view of its importance, passage of this bill is highly recommended.
