

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

THIRTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 3194

INTRODUCED BY **HON. FERJENEL G. BIRON, M.D.**

EXPLANATORY NOTE

The fourth congressional district of the Province of Iloilo, encompassing the municipalities of Anilao, Banate, Barotac Nuevo, Dingle, Dueñas, Dumangas and San Enrique and the City of Passi is a land with great economic potentials. Its fertile lands, rich fishing grounds and abundant wildlife among others promise a great boost to the local trade and industry when properly harnessed. These resources serve as vital inputs for revenue activities of the constituents. However, due to the fact that the people find a hard time transporting their products from its sources to the trade zones, the development of these resources cannot be maximized.

The roads are the arteries of progress and development from which commerce and trade flow. They are a powerful tool through which the public can have access to livelihood opportunities and the nearest available basic social services. A good road can encourage people to become more productive since it presents a greater number of business prospects. Meanwhile, engaging in business with a depressed infrastructure would require a cartload of risk and sacrifice.

Being a definitive factor in progress, it is not enough that roads are just constructed. It must be ensured that they are maintained and properly taken care of. Due to the fiscal limitations of the provincial government of Iloilo, the provincial roads in Passi City and the other municipalities in my district can hardly be developed, repaired and sustained. Without the aid of the national government, the roads in the Fourth District of Iloilo will only tend to deteriorate, therefore stagnating economic development, making transportation the main cause for delay of progress in the area.

This measure aims to gain access for ready funds needed for the improvement, periodic repair and maintenance of the roads in the concerned district. Specifically, this bill seeks to convert the Salngan-Tagubong, Passi City – Dacutan Dumangas Barangay Roads in the province of Iloilo into a national road. It is the conviction of this representation that in order to accomplish this, the abovementioned barangay roads, which are presently under the inventory and care of the Provincial Government of Iloilo, be converted into a national road to serve the best interests of the people in my district as well as the nearby commercial and industrial areas of the Province of Iloilo.

Hence, approval of this bill is earnestly sought.

FERJENEL G. BIRON, M.D.

Republic of the Philippines
HOUSE OF REPRESENTATIVES
