Thirteenth Congress
First Regular Session

House Bill No. 3481

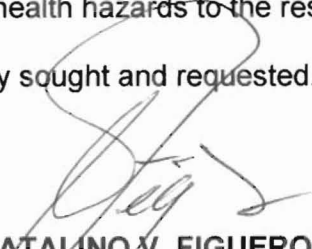

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill seeks to provide for the construction of a concrete canal drainage system in the Municipality of Calbiga, Province of Samar.

The Municipality of Calbiga has a river which, sometimes, overflows and causes flood in the town during heavy downpour. The construction of a concrete canal drainage system is imperative so as to prevent flooding in the said area. Besides, foul smell emanates from the wastes that are deposited in the canals around town thereby posing health hazards to the residents.

Early approval of this bill is earnestly sought and requested.
