Thirteenth Congress
First Regular Session

House Bill No. 3682

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill seeks to provide for the development of a *barangay* mini-park in *Barangay Fatima*, Municipality of Hinabangan, Province of Samar.

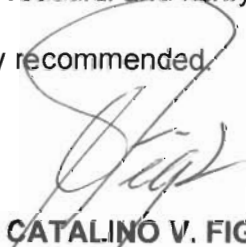

A park is usually a place where the people of a *barangay*, town or city converge to have a leisurely stroll or a nice chat. It is also a place where one can find relaxation after a whole day or a whole week's work. It is also a place where families have a nice get-together. It is where the *barangay*, town or city's old townsfolk get to let their days pass. It is a place where children can play around freely.

A park can also be considered an image of the kind of *barangay*, town or city that a particular place is. It reflects the kind of people that a place has. It reflects the personality of a certain locality.

These are the reasons why some of the country's parks have been developed.

The *Barangay Fatima* Mini-Park, if developed and maintained, may provide just the kind of healthful and inexpensive respite for people of all ages and sexes. It may even awaken their love for their *barangay* and foster a fierce desire to protect and nurture their beautiful and richly-endowed land.

Thus, approval of this bill is highly recommended.
