Thirteenth Congress
First Regular Session

House Bill No. 3684

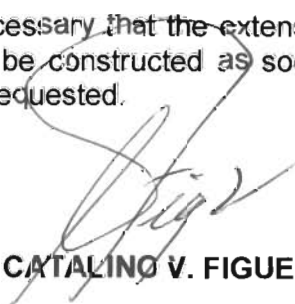

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill provides for the extension of the rock causeway in *Barangay Independencia*, Municipality of Talalora, Province of Samar.

Barangay Independencia is located at the coastal area in the Municipality of Talalora and faces the route to Tacloban City. The rock causeway, which serves both as wharf and seawall, that was constructed covers only a portion of its ideal length. Since the people of *Barangay Independencia* also rely on sea vessels for their daily activities, it is highly imperative that the said *barangay* must have a rock causeway that should have an ideal length so that big passenger and fishing vessels will be able to dock at it at all times. During high traffic of sea vessels that go to the said *barangay*, there is not enough docking area for them.

To remedy the situation, it is necessary that the extension in the rock causeway of *Barangay Independencia* be constructed as soon as possible. Hence, approval of this bill is earnestly requested.
