House Bill No. **3734**

Introduced by **Representative Renato J. Unico, Jr.**

EXPLANATORY NOTE

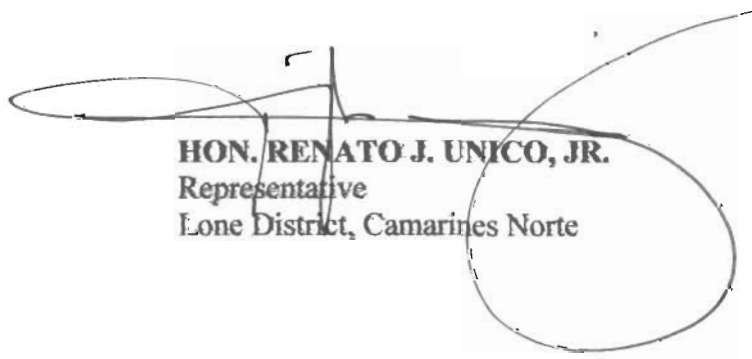

This bill seeks to convert the Fabrica High School located in the Municipality of San Vicente, province of Camarines Norte, into a National High School to be known as the Fabrica National High School.

Barangay Fabrica is one of the most depressed barangay in the Municipality of San Vicente, since 80% of its population are low income families and therefore providing secondary education for the children becomes the least priority of parents.

The school is 7 kilometers away from San Vicente National High School and 6 kilometers away from San Vicente Parochial School, it cannot be denied that the heavier burdens of students in this part of the province is their daily expenses which includes transportation allowance and food. By reason of distance to the nearest secondary school, many of our youth in the barangay and nearby barangays find it very difficult to avail of secondary education.

Aside from the schools insufficient number of teachers it is also suffering from the dearth of facilities and equipments.

In view of the foregoing, the early passage of this bill is urgently sought.
