Thirteenth Congress
First Regular Session

House Bill No. 3914

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

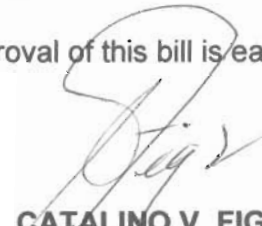

This bill seeks to provide for the full electrification of the Municipality of Daram, Province of Samar.

The northern half of the Municipality of Daram, sad to say, is still living in the dark. This forgotten portion of the said island-municipality is still without electrical power. No wonder this town is unable to progress as it should considering the size of its land area and its increasing population. Politics plays a great part for this present scenario.

It is in realizing the urgency of promoting the progress and development of Daram that this bill is being pursued.

It is envisioned that with the electrification of the northern part of the island-municipality and, eventually, of the whole island, progress and development in the area will be hastened.

In view thereof, support and approval of this bill is earnestly sought.
