House Bill No. 4007

Introduced by Honorable Roger G. Mercado

EXPLANATORY NOTE

This bill seeks for the construction of a fish port in Maasin City, Province of Southern Leyte.

Fishing is one of the means of livelihood of the residents of Maasin City. The City has a navigable shoreline that guarantees safe and secure anchorage and shelter for bancas and similar vessels during a typhoon.

However, even if the conditions of its shorelines are ideal, there is still an imperative need for the construction of a fish port and other support facilities to enhance further development of the fishing industry and other sea transactions of the city. The establishment of a fish port is a determining factor to the total development of the entire Province. Hence, this bill. Approval thereof is earnestly requested.
