House Bill No. **4200**

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill seeks to declare the Municipality of Marabut, Province of Samar as an eco-tourism zone.

Eco-tourism is one of the fast growing activities and dollar-earning industries of the country. The tourism boom during the 80's was due to the numerous tourist spots that have been developed and made accessible to tourists, local and foreign alike. Aside from this, the country has lots of natural wonders which cannot be found anywhere else in the world. In fact, the government has launched a massive tourism development program called "I love the Philippines" to help strengthen the economy of the country.

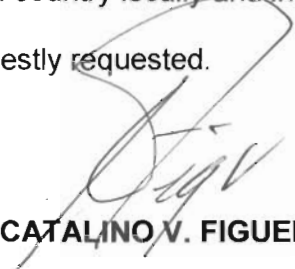

In the Province of Samar, there are a number of tourist spots but they are yet to be developed. One of these is the Municipality of Marabut. It is one of Samar's towns that boasts of a natural marine park which is endowed with natural beauty, intricately designed for everyone to feast on. One can get a hold of the sea breeze along the beach coves of the Marabut Marine Park and be impressed by its fifteen (15) towering rock islands plus a spectacular display of underwater coral garden.

Marabut can boast of the Kinaramran Festival which depicts the life of its people and how they go about solving the problems that come their way. The people's love for nature and other God-given gifts are being highlighted in this festival.

One can go to Marabut by plane via Tacloban City traversing through the San Juanico Bridge and a well-built highway that passes through the towns of Sta. Rita and Basey. It is also one hour and thirty minutes away from Samar's capital town of Catbalogan. Being one of Samar's fast-growing towns, Marabut's declaration as an eco-tourism zone would create more jobs for its populace and increased awareness among its people of the importance of preserving nature. Thus, economic growth in the area would be enhanced.

Furthermore, it would promote the growth of the eco-tourism industry and help project a good image of our province and country locally and internationally.

Hence, approval of this bill is earnestly requested.
