HOUSE BILL NO. 4227

Introduced by Honorable Roger G. Mercado

EXPLANATORY NOTE

This bill provides for the concreting of the Mambajao-Bogo road in Maasin City, Southern Leyte.

At present, there is an existing short concrete pavement road in the said city. It is being used by students to commute to their schools and by residents to transact business elsewhere. Still there is a need for a secondary route to complement an existing congested main thoroughfare from the south towards Maasin City. The concreting of the Mambajao-Bogo road is the most practical way since it will provide the eighteen (18) municipalities in Southern Leyte with shorter route to go to Maasin City. At the same time, it will ease the traffic congestion.

Cementing the Mambajao-Bogo road will provide relief to the traveling residents and the students. It is both practical, necessary and beneficial.

In view of the foregoing, approval of this bill is earnestly requested.
