EXPLANATORY NOTE

This bill seeks to provide for the concreting of the airport access road in Maasin City airport, in the Province of Southern Leyte.

Roads are major factors in the development of a community. They serve as communication links in the rural and urban areas. Economic benefits may be derived from concrete and quality roads.

The concreting of the airport access road under the proposed measure will afford easier accessibility to and from the city and the province. Faster mobility will promote tourism within the area. Further, economic activity of Southern Leyte will also improve.
