Introduced by: **HONORABLE AUGUSTO H. BACULIO**

EXPLANATORY NOTE

Misamis Oriental State College of Agriculture and Technology (MOSCAT) is a chartered public institution of higher learning located in Claveria, Misamis Oriental, operating by virtue of the provision of B. P. Blg. 402, which was enacted by the Batasang Pambansa on April 14, 1983 and approved by the President of the Philippines on June 10, 1983.

Based on the provision of B. P. Blg. 402, MOSCAT provides higher technological, professional, and vocational sciences consistent with the goals for national development. It endeavors the promotion of researches, advanced studies and professional leadership in the various disciplines and areas of specialization. In addition to its laboratory high school curriculum, the state college offers undergraduate and graduate courses in the fields of arts and sciences, education, agriculture, forestry, engineering, industry and other courses which are necessary to meet national and regional needs for trained manpower.

MOSCAT has soundly established its programs and projects that have become competitive if not better than other state colleges and universities in the region. The members of the faculty and its staff are highly qualified and proficient in their respective fields of specialization. About 60% are Masters Degree holders, 10% are Doctoral Degree holders while others are finishing their doctoral or masteral degrees.

Furthermore, the state college has sufficient physical and laboratory facilities (recipient of the RP-EU-AGRED grant from 1989 to 1998) sufficient to sustain laboratory activities relating to soils, chemistry, physics, biology, agriculture, forestry, and other related fields. The entire campus has a total of 97 hectares that could well provide for future expansion and development.

Considering MOSCAT's initiative in carrying out its mission for quality education, the approval of this bill is earnestly sought.
