Thirteenth Congress
Second Regular Session

House Bill No. 4503

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

This bill seeks to provide for the repair of a school building at the Jacopon Elementary School in *Barangay* Jacopon, Municipality of Daram, Province of Samar.

School buildings are very important structures in the everyday learning and schooling of children especially those in the elementary level. It is during this stage in a student's life when he/she learns the basics in education, in particular and in life, in general. It can be considered as a part of the foundation for a good basic education.

The Province of Samar is in the path of storms and typhoons which devastate many structures including school buildings, classrooms and other school-based edifices aside from other properties.

Many schools have experienced destruction mostly from natural forces that have visited our country. Jacopon Elementary School is not spared from all these especially that it is located in an island town. The growing number of students in *Barangay* Jacopon is another factor why repairs should be done the soonest time possible. Add to this is the good performance of the students of Samar in the National Achievement Test. This will be a good reward for this exemplary record.

In order to deliver better education to the youth, this representation earnestly seeks for the approval of this bill.
