

**Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila**

Thirteenth Congress
Second Regular Session

House Bill No. 4517

Introduced by Honorable Catalino V. Figueroa

EXPLANATORY NOTE

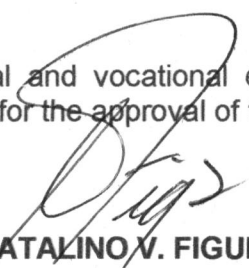

This bill seeks to provide for the construction of a covered court at the Wright Vocational School in the Municipality of Paranas, Province of Samar.

School structures are very important in the everyday learning and schooling of the youth. It is during this stage in a student's life when he/she learns the skills in vocational education, in particular and in life, in general. It can be considered as a part of the foundation for a good technical education. Sports and other curricular activities are included in these learnings and good education.

The Province of Samar is in the path of storms and typhoons which devastate many structures including school buildings, classrooms and other school-based edifices aside from other properties. Since the province is visited by rain more often than any other place in the country, it is imperative that a covered court be constructed so that the students can go about with their daily activities even during the rainy season.

Wright Vocational School is not spared from all the perils that nature, sometimes, bring to us.

In order to deliver better technical and vocational education to the youth, this representation earnestly seeks for the approval of this bill.

CATALINO V. FIGUEROA
