HOUSE BILL NO. 4975

Introduced by the Honorable Florencio "Bem" G. Noel

EXPLANATORY NOTE

This bill provides for the cementing of the road connecting the municipalities of Julita, Tabontabon and Tanauan in the Province of Leyte and its conversion to a national secondary road.

The poor condition of the road has brought inconvenience to the people of the said municipalities and is adversely affecting the economic activities in the area. Apart from repair, this bill seeks to re-classify the said road from the provincial to national. This way the national government will be spending for the road repair and maintenance, thus reducing the expenses of the provincial government.

It is hoped that, through this proposed measure, economic and social progress in the area will be promoted and enhanced.

Approval of this bill, therefore, is earnestly sought.
