THIRTEENTH CONGRESS

First Regular Session

HOUSE BILL NO. 4932

Introduced by HON. DANTON Q. BUESER

EXPLANATORY NOTE

This bill seeks to establish a national high school in Barangay San Roque, Municipality of Victoria, Laguna, to be known as the San Roque National High School.

Barangay San Roque and its neighboring barangays have overtime burgeoned in population as a result of the influx of families from nearby municipalities and communities that have elected to resettle in the area in pursuit of better livelihood prospects from agriculture. As a consequence, there has been a significant increase in the number of young people in the area who are seeking secondary school education.

As the nearest public high school is kilometers away, a considerable portion of the meager income of the families is spent on transportation. As a result, their time and resources that could be channeled to other equally important purposes are sacrificed. A sizeable number of students coming from poorer families have to defer school as they are unable to cope with the high cost of transportation. Some others brave the distance and traverse kilometers by foot if only to acquire high school education. More often than not, many choose to quit after a year or two for being unable to cope with the necessary expenses.

The foregoing circumstances have made it imperative that a national high school be established in the aforementioned barangay to cater to the demands for high school education in the area and the neighboring communities. In light thereof, the passage of this proposed measure is most earnestly sought.
